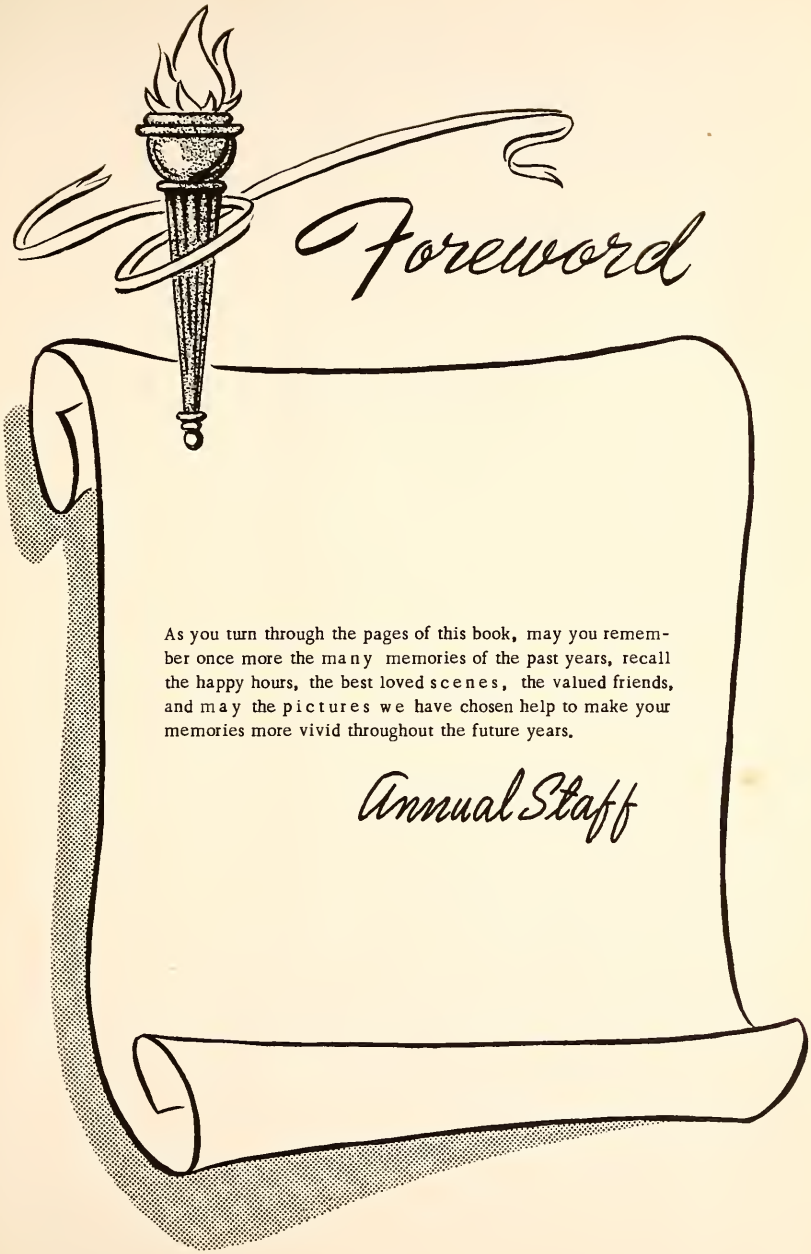
The WILDKAT
Willis High School
1950-51



Foreword

As you turn through the pages of this book, may you remember once more the many memories of the past years, recall the happy hours, the best loved scenes, the valued friends, and may the pictures we have chosen help to make your memories more vivid throughout the future years.

Annual Staff

Mrs. I. J. Roark, the beloved principal of the Willis Elementary school and the sympathetic understanding friend of all the boys and girls of the Willis schools, passed away January 15, 1951. We dedicate to her this annual which stands as a monument to her memory, she who made it possible for visible expressions of a successful school. Her spiritual influences encompassed the activities of all those whose lives she touched: She shared the joy and strength of her own faith in all good.

One of her favorite poems expresses her way of life.

I shall pass through this way but once.
Any good therefore that I can do or any
kindness that I can show to any human
being, let me do it now.
Let me not defer or neglect it,
For I shall not pass this way again.

Superintendent's Message

Dear Students:

May I congratulate you and your sponsor at this time for a job well done in the publication of this, our fifth, annual.

As you continue your education here in your school, or in later years, whether in business or institutions of higher learning, may you ever be mindful of the fact that Education is vital to peace. We have studies that show the more Education an individual has, the greater is the likelihood that he will not become a radical and will endeavor to uphold the true principles of Democracy. Never, in the History of mankind, has our way of like faced a greater challenge. May we help meet this challenge by doing all we can to learn and help others to know more about the principles and ideals upheld by a Democracy. Eisenhower has said that "To neglect our school system would be a crime against the future."

Sincerely,

C. C. Hardy

TAYLOR PUBLISHING COMPANY

6320 DENTON DRIVE BOX 597 DALLAS, TEXAS

Mrs Hall,

I'm glad to know that you wanted me to write in your book. I have sincerely enjoyed being one of your history students and maybe it will be possible for be to take something under you again next year.

A friend as well as one of your students. (I hope)

Lovingly,

Sue Blanton

Dear Mrs Hall,

It has really been a pleasure knowing you. I really enjoy being in your class. You are one of my favorite teachers. Will miss you next year. (If I graduate)

Always a Friend
Love,
Virginia Viviarski
